

INFECTION PREVENTION

Do you know...

- the difference between sanitation, disinfection and sterilization?
 - what organisms are the most infectious?
- if your present procedures are protecting you and your clients?

Using patented hospital grade technology, Accel's line of disinfectants enables you to have a safe and sanitary spa or salon. Gain confidence in your knowledge of infection control, learn what puts Accel at the forefront of our industry and how to put it into practice.

You will receive:

- a booklet with complete protocols
- an attendance certificate
- a Infection Control window decal
- client Information cards

Fee: \$50 (is fully redeemable in Accel products!)

Educator: Catherine Campbell
